

TO ALL PARENTS

November 2016

The Governors of Smithy Bridge Primary School would like to say a **HUGE 'thank you'** to all parents who have helped to raise money for the new classroom extension. The amount raised so far is £16,287 + £888 from the Co-op, which is a fantastic total of **£17,175!**

This project was never going to happen overnight, and Governors knew from the start that we would need to proceed in stages as we could not rely totally on the Local Authority to fund this build. But Governors are committed to providing an outstanding education for our pupils which will equip them for the future, and we know that by creating this extension and developing the existing space within school, we will be able to enhance pupils' educational experience and offer a vibrant and relevant education for our pupils.

Phase 1 is now complete. Phase 2 will be to complete the shell of the building, and we still need to raise more funds for this.

We hope you will continue to support us and we will work hard to seek out ways of raising additional funding to continue building this exciting and much needed extension.

Thank you!

S Temperley (Chair of Governors) on behalf of the Board of Governors
