

## Pupil Premium

As a school we are funded with £1,300 for every child who is on Free School Meals (the child being eligible because of home financial circumstances). This money has to be spent to raise standards of achievement for the children who access Free School Meals. As long as those children benefit other children can benefit too e.g by working in reduced size classes. It is for this reason that we need every parent who may be eligible to apply as this could make a big difference to learning for children at Smithy Bridge School.

If you would like to discuss this please speak to a member of our office staff.

The identity of children accessing free school meals is not known by other children as all payments are made to the school office by Wisepay.
